EMPOWERING SURVIVOR GROWTH

## LOOK HOW YOU HELPED US GROW

Due to the generosity of the Beta Sigma Phi Sisters in 2021, ICADV was able to provide 108 move-in packages through household donations and received \$307 to assist survivors on their path to housing stability.

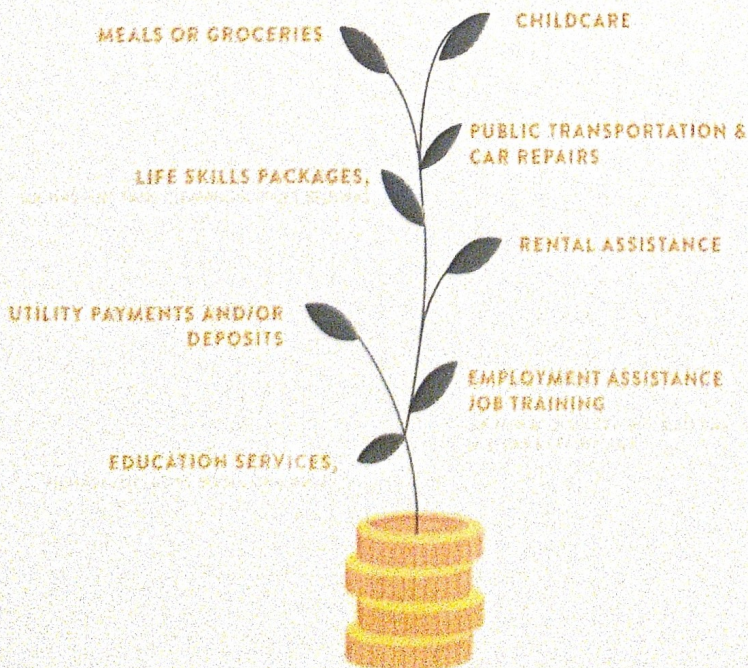

Your donation was used to assist a single survivor with two dependent children, living in a rural community, with much needed car repairs. Ensuring reliable transportation has helped her maintain employment, attend important appointments, and safely transport her children to school and daycare. Since then, she has been able to transition from the housing program and secure stable housing through a Housing Choice Voucher (HCV), which offers long-term housing stability for her and her children.

# Thank you...

Without your generosity, we would not be able to report such growth!
